MEMORANDUM FOR: Chief, Technical Services Staff

SUBJECT :

25X1

1. Description of the Project

Timing test program of the MK II A. C. Delay Firing Device.

2. Purpose of the Project

During the past year a developmental lot of 1000 MK II A. C. Delay Firing Devices was produced. This program will consist of performing timing tests at various temperatures with the device in two positions.

The proposed program will result in a report of all the timing results. This report will be the basis for establishing a timing table for the MK II A. C. Delay. This table should be available prior to any production of MK II A. C. Delays in order that the timing table can be included with the firing device inside its tear-strip metal can.

3. Recommended Contractor

25X1

4. Support Requirements

There are no support requirements.

5. Total Cost

The total cost of this new work has been estimated at \$5,108.00 for a period of twelve months. Charges will be made against Allotment Number 7-2502-10.
